

COMMERCIAL SERVICES

Space Planning and Interior Design

Our experienced in-house team of designers are dedicated to providing insightful interior solutions for the commercial workplace. Their creative approach, balanced with an acute commercial awareness enables them to create functional working environments that enhance and promote your business's objectives and its culture.

We place high value on progressive working approaches, continually striving to bring innovative ideas into our designs, finding optimum working solutions for all our clients.

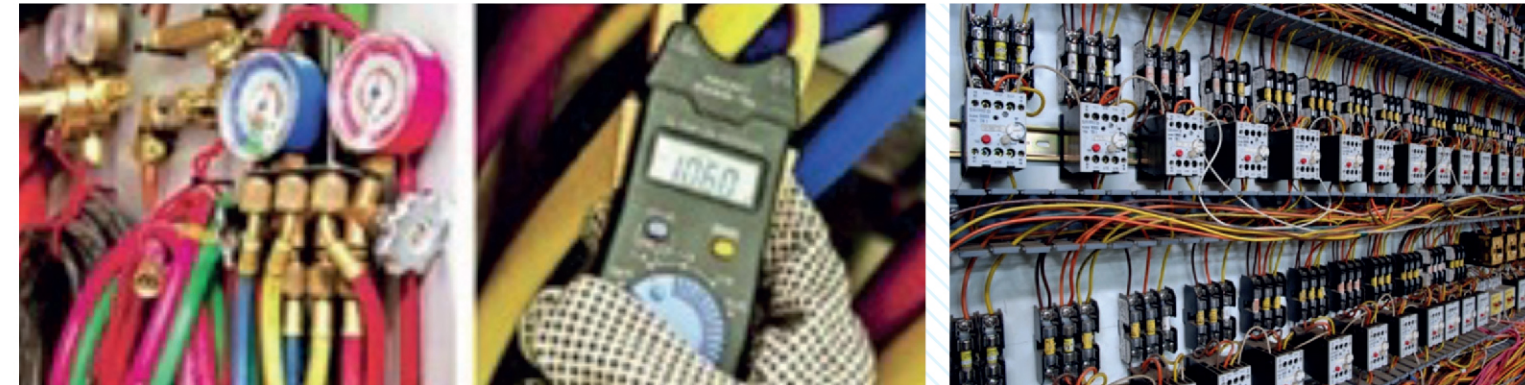

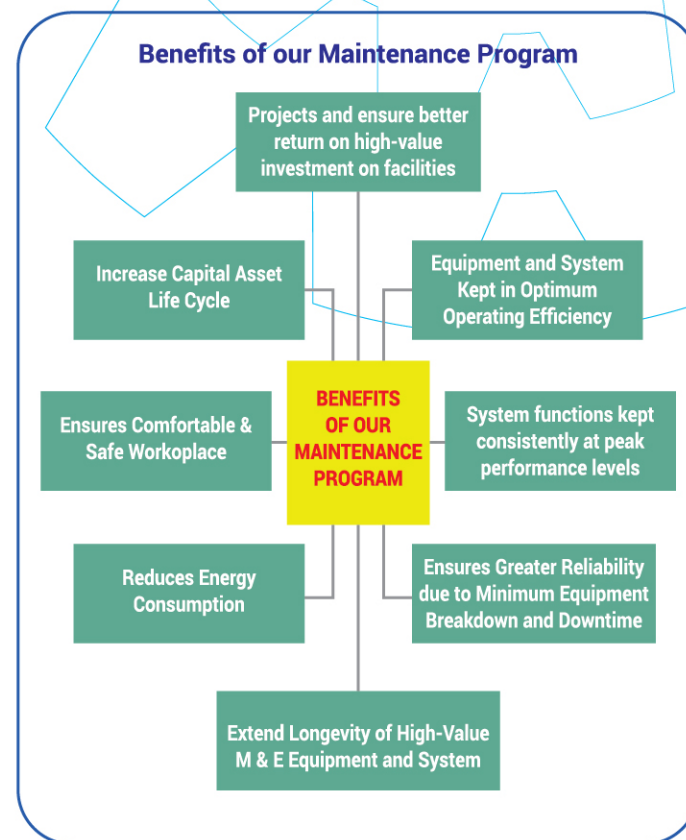

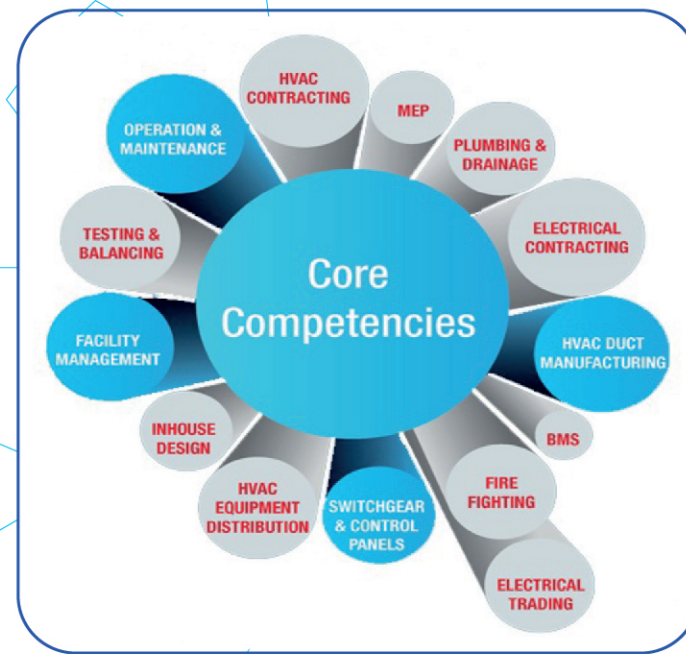

Project Management

We have developed a project management approach that focuses on minimizing the effect of a relocation or refurbishment on day-to-day business practices, enabling your team to focus on their core business activities. Our project managers are involved throughout every project ensuring successful execution and delivery within the agreed time scale and budget. This guarantees that the project is delivered to meet, and often exceed your expectations.

How we do it

From concept design to sign off, our dedicated team of designers and projects managers ensure that each stage of your project's development and installation are delivered to the highest of standards turning your vision into reality with a quality product finish.

Our ethos is to ensure that we deliver projects that you envisage with quality and passion in a timely fashion. As a fit-out company, we base our success on being able to fully appreciate our clients' expectations whilst still conveying our ideas and designs as we believe each project is unique belonging to a concept or a theme.
